AI Can Replace Everything But a Handshake.

This deck gets you access to the room.

Your Friends in Business hosts the most curated networking events in Las Vegas — 2–3 events every month across **Finance, Health, Real Estate, Crypto, Tech, and more**. Each event is an intimate room of 80–150 established founders, operators, investors, and executives — filmed, photographed, and broadcast through our growing podcast and social ecosystem. Sponsor a YFB event and put your brand directly in front of the exact industry room you’re trying to reach.
